Builder's Challenge Gates
... for your own domino projects

What you need:

- 2 wooden blocks
- 1 empty spool
- 1 small piece of wood (ice cream)
- 1 toothpick
- 1 nail
- 1 coin
- colors you like
- 2 dominos

How to do:

Dear English fans,

I first made this tutorial in German language and now I have to admit that it's just too hard for me to translate it in English. Feel free to watch my Youtube-video ("Tutorial - Die Challenge Schranke") where I added English subtitles to make it easier for you to build a BC-gate.

Have fun rebuilding it!
